2.—That the affairs of the Society shall be governed by a Council, consisting of a President and twelve Members, the former of whom shall be *annually* elected by the Council.

3.—That three Members of the Council shall form a quorum.

4.—That the subscription of Members of the Society shall be £1 1s. per annum, which shall entitle them to the publications for the year; but any Member whose subscription shall be two years in arrear shall thereupon be removed from the Society, and shall not be re-admitted until all arrears have been paid. The number of Members is limited to 350.

5.—That the subscriptions shall be due on the 30th of June in each year, and that no work shall be issued to any Member whose subscription is in arrear.

6.—That an Annual Meeting of the Society shall be held in the month of October, of which due notice shall be sent to all the members. At this meeting a Report of the work of the Society, with a Statement of the Income and Expenditure, shall be presented. These shall be annually published, together with a List of Members and the Rules of the Society.

7.—That so long as the funds of the Society permit, two volumes at least shall be issued to the Members in each year.

8.—That no copies of the publications of the Society shall be sold to non-members, except at an increased price to be fixed by the Council.

9.—That no payment shall be made to any person for editing any work for the Society, but that the Editor of each volume shall be entitled to twenty copies of the work so edited by him.

10.—That the Treasurer's Accounts shall be audited by two Members of the Society, who shall be elected at the Annual Meeting.

11.—No alteration shall be made in any of the above Rules except at the Annual General Meeting. Notice of any proposed alterations must be sent to the Hon. Secretary a month before such General Meeting.

12.—That a Meeting of the Council of the Society shall be called by the Hon. Secretary at least once in every three months.

The Annual Subscription of £1 1s., entitling the Members to all the Volumes issued for that year, may be paid to the Hon. Treasurer, or to the credit of the Society at their Bankers, the Manchester and Liverpool District Banking Company, Limited, at any of their branches.

Report for the Year 1896-7.

Read at the Annual Meeting, held in the Audit Room of the Chetham Hospital, Manchester, October 19th, 1897.

Since the last Annual Meeting, held on the 13th October, 1896, two volumes have been delivered to the Members. Those are Vol. XXXIV., the second volume of the Plundered Ministers' Accounts for Lancashire and Cheshire; and Vol. XXXV., the second volume of Pleadings and Depositions in the Duchy Court of Lancashire in the time of Henry VIII.

The First of these, The Minutes of the Committee for the relief of Plundered Ministers, &c., relating to Lancashire and Cheshire between the dates 1651 and 1660, is in continuation of Vol. XXVIII., and has been edited, as was that volume, by Mr. W. A. Shaw. The value and importance of these records was pointed out in the last Annual Report, and the Council consider that their anticipations have been fully justified. The period covered by this volume is perhaps one of the most obscure in the later history of the two counties, and anything that throws further light, particularly on ecclesiastical matters, is welcome.

The Second Volume, Pleadings and Depositions in the Duchy Court of Lancaster in the time of Henry VIII., has been edited by the President, Lt.-Col. Henry Fishwick, F.S.A., and gives us an interesting picture of many phases of the social life of Lancashire during the early part of the sixteenth century.

These two volumes were issued to Members during the spring of this year, so that the Council are able to record again that the publications of the Society, so long in arrear, have been issued up to date, and for the first time for many years, have been thus able to pay all outstanding accounts, and so get rid of a misleading credit balance, and show their true financial position, which, the Council think, the Members, on reference to the Balance-Sheet, will see is a satisfactory one.

For the current year, Colonel Fishwick is editing a third and final volume of the Pleadings and Depositions in the Duchy Court of Lancaster for the reigns of Edward VI. and Mary. The work is well advanced, and should be ready for issue to the Members about Easter. The Rev. J. H. Stanning continues his valuable and interesting Royalist Composition Papers, another volume of which is now in the press, and should be ready about the same time.

The works that the Council have in view for the near future are—first, a Calendar of Assize Rolls for Lancashire down to the reign of Edward I., on which Major Parker is now engaged, and which the Council think will be a most valuable addition to the printed records of the County; and, secondly, Feet of Fines or Final Concords, Richard I. to Edward III., to be edited by Mr. William Farrar, which should prove also of the greatest interest. The choice of these two volumes has been decided upon, in pursuance of a resolution made by the Council last year, to pay more attention to an earlier class of records than that hitherto dealt with by the Society. Mr. W. F. Irvine has also in hand the earliest Ordination Book of the Bishop of Chester, and a portion of this is now in type. There will not, however, be enough to make a complete volume with this alone, so it is proposed to print

with it an Index of Wills and Administrations now preserved at the Diocesan Registry, Chester, from the year 1620 to the year 1700. Mr. W. H. Price, who compiled the Index from 1487 to 1620, printed in volume XXXIII., has undertaken the laborious task of carrying the index down to 1700, and the Council is glad to be able to report that this is now complete and ready for the press.

The Council have only to urge once more on each individual member the great importance of obtaining fresh subscribers to the Society, if the good work which it has done so long is to be continued.

The following is the complete list of the Society's publications already printed up to the present time:—

The following points are commended to the attention of those using this book:—

1. *In some cases inventories appear to have become detached from the original wills, and so have been placed in different bundles and indexed under different years. This list, however, being an alphabetical one, such cases will be speedily detected, and it will be easy to replace the inventories in their proper places.*

2. *Where the word* "Inv." *occurs, it probably signifies that the deceased had died intestate, and that an inventory of his goods had been filed and administration granted to his representatives. Where the word* "Admon" *occurs, it shows that an administration bond had been filed as well. In all other cases the wills themselves are extant, either with or without the accompanying inventories.*

3. *It is to be noted that in the Probate Registry of Chester the* original *wills up to* 1858 (*and not official transcripts, as in many other Probate Registries*) *are those shown to enquirers.*

4. *Owing to the original spelling of the wills having been followed in the MS. Index, and allowing for possible misreadings, enquirers are particularly desired to search for any name bearing a resemblance to that for which they are looking, as for example Leigh for Legh or Lee, Newall for Nowall, Houghton for Haughton, &c., &c. As far as possible this has been indicated by cross references in this list. Words now spelt with an* i *at this time frequently were spelt with* y.

5. *This list contains all the wills, inventories, and administration bonds now known to be preserved at the Probate Registry, Chester, between the years* 1761 *and* 1780 *inclusive. It is in continuation of volumes* 2, 4, 15, 18, 20, 22, *and* 25 *(Indices to the Wills and Inventories now preserved at Chester,* 1545 *to* 1620, 1621 *to* 1650, 1660 *to* 1680, 1681 *to* 1700, 1701 *to* 1720, 1721 *to* 1740, *and* 1741 *to* 1760*), and will be followed by others, bringing the lists down to* 1800.

6. *In an Appendix will be found the list of all the wills, proved between* 1761 *and* 1780, *in which the amount of personalty was less than £*40. *These wills, which were proved in the Rural Dean's Courts, are generally called* "INFRA" *wills, and there are none known of earlier date than* 1660. *They are kept distinct from the other wills, and when enquired for it is necessary to clearly describe them as being* "*Infra*" *and not ordinary wills.*
