THE SECOND VOLUME

PREFACE

THIS is the second portion (from M to Z) of a Calendar of all the Lancashire and Cheshire and other Wills and Administrations proved at Chester during the years 1801 to 1810, both inclusive.

As there were nearly 17,000 Wills proved in this period, it was found necessary to divide the Calendar into two parts. The first, containing the letters A to L, was issued as Vol. 62.

Hitherto the "Infra" Wills (those where the personalty was under £40) have been separately calendared, no doubt because they were proved in a separate Court, but there does not seem to be any material advantage in following this course, and in the present calendar *the "Infra" Wills are included* but are distinguished by being printed in *italics*.

It has been necessary to give the day and month of probate as well as the year, because from the beginning of the nineteenth century the documents are filed at the Registry under their respective months.

The calendar has been made by Mr. W. H. Price of 10 Chapel Terrace, Chester.

The Society's grateful thanks are due to the President of the Probate, Divorce and Admiralty Court, and to Herbert A. Jenner, Esq., Registrar of the District Probate Registry at Chester, for enabling the Society to continue the Calendars to the year 1810.

The "Infra" Wills are printed in *italics*.

A.W. signifies an Administration with the Will annexed.

A.W.C. signifies an Administration with the Will and Codicil annexed.

C. signifies Will and Codicil.

C.C. signifies Will and two Codicils, and so on.

T. or Tuit. signifies Tuition.

“P.R. 1866” signifies that a subsequent grant was made in 1866 (or whatever date is given) out of the Principal Registry at Somerset House after the Will had been originally proved in the Consistory Court at Chester.

“D.R. 1866” signifies that a subsequent grant was made in 1866 (or whatever date is given) out of the District Registry at Chester after the Will had been originally proved in the Consistory Court at Chester.

PREFACE

IN the introduction to Vol. 15 (1887), which contains a Calendar of the Wills at Chester from 1660 to 1680, it is stated (p. vii) that a great many Wills of the year 1670 had perished from damp, including *the whole* of those of persons whose names began with the letters A B C D E and F. The names of the testators were, however, still in the original index at the Probate Registry, and were included in the Calendar in Vol. 15, being marked with an asterisk (*) to indicate that the will could not be produced. The missing Wills numbered some hundreds.

It is satisfactory to record that in September 1911, a collection of one hundred and twenty-five of these 1670 Wills, etc., proved in the Consistory Court at Chester, was discovered at the Probate Registry, and forty-four other missing 1670 Wills were found to be in their proper places. All these one hundred and sixty-nine Wills except two (the inventory and account of Henry Bennett of Chester, and the administration of Edward Aldcroft) are to be found, marked with an asterisk, in Vol. 15, but the only way of making their discovery known to members was to print the present Calendar, which the Society had been permitted to do by the courtesy of H. A. Jenner, Esq., Registrar of the District Probate Registry. By striking out the asterisks to the discovered Wills, and inserting the two names above mentioned in their proper places, members can make the Calendar in Vol. 15 correct, if that course is preferred to using this Calendar.

PREFACE

THIS Calendar consists of a number of additional "Infra" Wills for the year 1693, which were found by the officials of the Probate Registry at Chester many years after the publication by the Society of Vol. 18, in the Appendix to which was printed a Calendar of the "Infra" Wills for the period 1681 to 1700, so far as then known. It should be observed that *a number of "Infra" Wills for 1693 already appear in Vol. 18*, and the present Calendar adds some 250 more. The printing of this short Calendar out of chronological order has been unavoidable for the reason given; but, in order to suit the convenience of members who may wish to place it with Vol. 18, so as to prevent overlooking these wills, a limited number of loose, unbound copies have been printed, and can be obtained by applying to the Honorary Secretary.

RECORD SOCIETY OF LANCASHIRE
AND CHESHIRE

REPORT FOR THE YEAR 1910-11 (33RD YEAR)

*Read at the Annual Meeting held in the Audit Room of the Chetham
Hospital, Manchester, on Tuesday the 31st day of October 1911.*

DURING the year ending 30th June 1911 one volume has been issued to the Members, namely, Vol. 61, which was Part IV. of the series of Marriage Licences for Cheshire and South Lancashire, edited by Mr. Irvine. The progress of the fifth volume of the Royalist Composition Papers for Lancashire, which was arrested, first, some years ago, by the death of Canon Stanning and then by the ill-health of Mr. Pink, was again stopped by the serious illness of Colonel Parker, who also for the same reason has been unable to commence upon his promised volumes of the Towneley MSS. and Lancashire Plea Rolls.

Though the output has not been large a considerable amount of work has been prepared during the past year, the main feature being the lengthy task of making, printing, and checking the Calendar of Wills at Chester, 1801-10, mentioned in last year's Report. This, a list of some 17,000 names, has now been nearly completed, and Vol. 1 (from A to L) will be in the hands of the Members before the Annual General Meeting. This will complete the two volumes for the year 1910-11. The remainder of the Calendar is in print, and Vol. 2 (M to Z) will be issued as soon as possible.

Some years ago a little-known twelfth-century MS., entitled "Liber Luciani, de laude Cestrie," now in the Bodleian Library, was brought to the notice of the Society by Mr. F. Madan. This MS., written by a monk of the Benedictine house of St. Werburgh, contains, with other matter, the earliest written account of Chester and neighbourhood. Arrangements were then made for portions of the MS. to be transcribed and edited by Miss M. V. Taylor, M.A. (Dublin), and this task Miss Taylor has now completed. It is hoped that the volume, which is already in type, will be issued

shortly. A further volume (Part V.) of Marriage Licences is also in print.

During the year ending 30th June 1911, four new Members have joined the Society and four have died or resigned. The number of paying members then stood at 156.

The Council have to record, with great regret, the death, on 6th August 1911, at the age of 86 years, of Mr. G. E. Cokayne, M.A., F.S.A., Clarenceux King of Arms, who was elected to the original Council when the Society was formed in 1878, and for sixteen years has been one of its Vice-Presidents.

The following is a list of some other volumes which, it is hoped, will be printed shortly:—

The Chartulary of St. Werburgh's Abbey, Chester. Edited by Mr. Irvine.

Lancashire Plea Rolls. Part I. Edited by Colonel Parker.

A Complete Index to the Record Society's Publications (Vols. 1-50). By Mr. Henry Brierley.

A volume of the Townely Lancashire Evidences (C. 8.13). Edited by Colonel Parker.

Lancashire Inquests and Extents. Part III. Edited by Dr. Farrer.

Marriage Licences. Part VI. Edited by Mr. Irvine.

A few sets of the Society's Publications are still on hand. Members can obtain the price of sets or of single volumes by applying to the Honorary Secretary.

The following is a complete list of the Society's Publications printed up to the present time:—
