

Body Paint Makeup

PRICE LIST Body Paint Makeup Prices Effective 11-17-2011 www.fxsupply.com/makeup/mu_body.html

Introduction

We get many inquiries regarding body paint and body makeup. Please see our website or call for more guidance. The basics are these;

Paint you get at the art store is for paper, not skin. Body Paint is just water based makeup already in liquid form. Ingredients are all FDA approved. Paint you get in the art store is not FDA approved.

Preferred method of application is Airbrush, Sponge, Brush in that order. Artists who have many people to paint in a short period of time with often use a conventional paint gun (automotive style.) Use your airbrush for large areas, a brush for more detailed areas and use a pencil for fine lines.

Any of these body paints can be modified for airbrush simply by adding any sealer or additive. Remember that by adding tap water you dilute the chemical protection and run the risk of growing germs, mold or fungi.

It takes about 16 fluid ounces to paint an average person from head to toe. 1 fluid ounce for an arm and hand. 2 fluid ounces for a head (face and head).

Brand Recommendations are these; Ben Nye - brightest colors, best selection of colors, limited to 4 oz. sizes. Kryolan - Metallics. Mehron - flesh tones and lower cost. Easy to wash off. SES Generic lowest cost for larger sizes, when you want "nothing special" paint. (We buy in bulk and repackage, can be any brand)

All products wash off with soap and water, preferably a nice long hot bath. Some colors are more resistant than others. When in doubt do a test.

BN- prefix is Ben Nye Product, ME- prefix is Mehron product, KO at the beginning of a cat number is Kryolan product.

Body Paint

MagiColor Liquid Face & Body Paints by Ben Nye Co. Are available in 1 fl oz/29ml sizes. Please see our website for details. NOTE: 1 fl. Is not very much, most artists use 4 fl. oz. or larger.
