Introduction:

SES is pleased to introduce our new line of Slimes, Oozes and Goos. Our mixtures are superior in three ways; we use purified water so the material is clear and clean, we process the water so that it doesn't support the growth of bacteria, fungi or mold, and we have better prices for comparable products.

Stringy Slyme

Extremely stringy clear slime. You've seen this kind of stuff in the mouths of many famous creatures including the Monster in Alien. Super stringy consistency simulates stringy saliva and body secretions. Color with food-color or water-soluble makeup or stage blood. Non-toxic.

SSLYM-640	Stringy Slyme, 5 gallons	\$198.95 s

Stringy Slyme with Chunks

Same formula as the above, but we've added little pieces of polymer to simulate chunks of clear tissue (or whatever you want to imagine it to be.) Non-toxic.

CSLYM-32	Chunky Slyme, 1 quart	\$21.95
