

SAFETY RECOGNITION January 2021

Rob Galvez

It is Steel Encounters distinct pleasure to recognize Rob Galvez for the month of January!

Rob was recently injured and had to take a significant amount of time off from work. He approached the safety department with a request to complete an OSHA 30 on his own time while he was at home recovering. Rob honored the commitment he made by completing the OSHA 30 before he returned to work.

Rob has expressed the desire to gain the knowledge and skills to not only work safely himself, but to help those around him work safe.

Thank you for your dedication to safety, Rob! You are a valuable member of the SEI family, and we are proud to call you FRIEND!

Marcus Singleton – Field Safety Supervisor
