# Coding and Compliance 2012

## An Update on CPT, ICD-9-CM, and HCPCS Changes for 2012

---

Utah Medical Association Foundation

*Extending the Reach of the Healer's Hand*

Friday, January 13 – Salt Lake City

Friday, January 27 – Provo

Wednesday, February 1 – St. George

Friday, February 3 – Ogden

### Course Overview

Why did that code change? How should this new code be used? And what are the target areas for investigation next year? 2012 brings hundreds of CPT® revisions, deletions, and additions. In order to avoid claim denials and coding errors as well as capture revenue for accurately documented services, it is critical that you keep current on relevant and significant updates to CPT®, ICD-9-CM, and HCPCS.

Join us at one of the *Coding and Compliance 2012* updates where you will learn about specific code changes, the rationale behind the change, and the impact these changes will have on your coding practices.

Topics that will be covered in the seminar include

- CPT® and HCPCS update
- RBRVS update
- OIG work plan
- RAC Update
- ICD-10-CM implementation

### Objectives

After attending this meeting, participants should be able to:

- Cite important CPT®, ICD-9-CM, and HCPCS coding changes for 2012;
- Describe how to use new codes;
- Identify OIG and RAC target areas for investigation;
- Develop a process to implement ICD-10-CM by January 2013.

### Target Audience

This course is designed for physician billing and coding staff, physicians, physician assistants, nurse practitioners, and office administrators/managers who have some knowledge of coding and compliance issues. Although E&M topics will be discussed, *this is not an E&M Basics course.*
