Subject: Chris Martin

Please give Chris Martin a service failure for late paperwork. We just received today his trip sheet and his paperwork from his trip last Friday. He didn't scan in his return STI contracts and must not have updated his deliveries because 3 of his 4 contracts are still not updated in the system. We cannot do the voucher today until he can get this taken care of. We are continually having issues with late paperwork from Chris Martin: it seems when he doesn't work for a few days he just doesn't turn in his paperwork and trip sheet until he works again causing us lots of problems.
