Subject: service failure Kenny Smith

Kenny did 2 jobs in Rock Springs (850186428/860186428/160186463) last night and did not recap them until I had to ask for them the next day and I didn't get them until after 10. He also had a removal yesterday in Boulder that I am still waiting for him to confirm the serial # (SO 810186666/830186666).
